BELGIAN SCANDAL.

Leopold to Rewed Morganatic Wife.

King of Belgium Plans to Share Throne With Mother of Son.

Would Make Illegitimate Plebeian Boy Heir to Kingdom.

People Threaten to Force Abdication If Marriage Is Solemnized.

BY DIRECT WIRE TO THE TIMES.

RUSSELLS, July 5.—[Exclusive Dispatch.] The prospect of a plebeian son of King Leopold and a woman of the commonest antecedents becoming heir to the throne of Belgium, is just now causing the greatest anxiety to Belgians of all classes.

According to information today from court authorities there is grave danger of this, as Leopold is said to have determined to solemnize with a civil ceremony his marriage under a religious ceremony performed in 1902 with the Baronesse Vaughan, by whom he has a two-year-old son.

Such an act would make the Baronesse Queen of Belgium and her son heir to the throne.

The greatest resentment is felt against Leopold because of the threatened marriage. It has been openly intimated to him that the Belgian people will never accept seeing the throne pass to one of mediocre blood, and that if he persists in his threat, abdication will be forced. This threat is not likely to deter Leopold, however, as he is known as the most obstinate monarch in Europe.

It is proposed by the King to legitimize allmorganatic marriages.

THEIR APPARENT FIGHTS.

Prince Albert, nephew of Leopold and heir apparent, is opposing the Baronesse's plans, and the highest elements in the army, church and society generally have rallied to his support.

An unusual element enters into the situation caused by the prospective marriage, in that Baronesse Vaughan has a son by her former husband, the Louvain coal heaver, who represents the Chamber of Deputies, and is a confirmed Socialist.

IS FRENCH WOMAN.

Baronesse Vaughan is a French woman, and her real name Helen Leclercq. The religious marriage ceremony took place three years ago in the private chapel of the chateau of Laeken, near Brussels, in the presence of a small number of guests.

It was performed by the court chaplain, acting under the authority of the cardinal archbishop of Mechlin.

Baronesse Vaughan is one of the handsomest women in Europe. She is called "The American" because of her striking figure and her great beauty.

She comes from Toulouse, France, of a good family and is 28 years old. She is a niece of M. Van Langendoek, Socialist member of the Belgian Chamber of Deputies, for the town of Louvain.

Several years ago she met in Paris Count de Borchgrave, King Leopold's secretary. The Count fell in love with her, and the two soon became very friendly. The Count took the girl to Brussels with him on one occasion, and while there she was introduced to the King.

KING CLAIMS GIRL.

Leopold became fascinated by her charm and urged her to remain in Brussels. She consented and the King then dismissed the Count de Borchgrave from his service. The girl took the name of Mme. Vaughan, and Leopold installed her in a beautiful house in the Rue Brederode, near his Brussels palace.

In 1902, shortly after the king met Baronesse Vaughan, Queen Marie Henrietta died, and Leopold since that time has regarded Baronesse Vaughan as his wife. He installed her in a chateau at Laeken, where his palace is connected to it by a gallery, so that in reality Baronesse Vaughan's residence is a part of the palace.

TREATED AS QUEEN.

The King compels the greatest deference to be paid to Baronesse Vaughan on occasion one of the Laeken palace servants, who was curious to discover whether the King always went to Baronesse Vaughan or whether Baronesse Vaughan ever went to the King, covered part of the gallery connecting the palace with the chateau with black paint. The next morning Baronesse Vaughan's gloves and dress had big spots of black paint.

Leopold was furiously angry. An inquiry being resultless, Leopold commanded that every servant in the household be whipped. Since then Baronesse Vaughan has received the homage paid a queen by every one meeting her.

The King could not be with the Baronesse during her confinement at the birth of his son, but sent with her one of his confidential secretaries, under the name of Baron Vaughan, to pose as her husband.

ROCKEFELLER TO FACE A COURT.

LAWYER SAYS OIL KING CAN'T GIVE COURT INFORMATION.

Head of Standard and His Brother, William, Arrive in Chicago and Will Appear Today Before Judge Landis to Answer Questions Regarding With of the Trust.

BY DIRECT WIRE TO THE TIMES.

CHICAGO, July 5.—John D. Rockefeller, president of the Standard Oil Company, and his brother, William, one of the directors of that corporation, are in Chicago ready to appear tomorrow at 10 o'clock in the United States District Court before Judge Landis and be questioned regarding the management of the corporation.

The two Rockefellers reached Chicago at 4 o'clock this evening over the Michigan Central Railroad, and their arrival in the city was known to but few outside of their attorneys and relatives for several hours afterward.

An automobile was in waiting for the two oil magnates and they lost no time in getting away from the depot. They were driven direct to the office of Alfred D. Eddy, one of the Standard Oil attorneys. Waiting with Mr. Eddy were the two other attorneys who will represent the company in court tomorrow, John F. Miller and Moritz Rosenberg.

The two men remained in conference with the attorneys for over two hours and then jumped into an automobile and went to the home of Harold McCormick, No. 81 Bellevue avenue. Mr. McCormick is a son-in-law of John D. Rockefeller and he, together with his brother, will make the McCormick residence their home while here.

Tomorrow morning the great oil man will be called to the witness stand in Judge Landis's court to answer questions relative to the connection between the Standard Oil Company of New Jersey, the Standard Oil Company of Indiana, and the United Tank Line Company. He will doubtless state he is unable to answer them and this may result in a bad quarter of an hour for him, as Judge Landis is too rigid a cross-examination expert to be put off by an evasive reply.

When the conference between the Rockefellers and the lawyers adjourned, Mr. Miller, leading counsel in the trial out of which the present judicial inquiry grows, was asked for a statement of what had been discussed.

"I merely discussed the present status of the case and the reason why Mr. Rockefeller was summoned," explained the attorney.

"Was he informed as to the questions which Judge Landis has asked?"

"Will he be able to answer them?"

"No, he cannot," said the lawyer. "Of course he has a general understanding of the relations existing between the Standard Oil Company of New Jersey and Indiana and the United Tank Line, or rather the relations formerly existing. When it comes to details of these questions, he is at a loss. Those are matters which have been handled by other people in the company and he will be unable to furnish the court with the information put forth by the questions."

"Will another effort be made to prevent his taking the witness stand?"

"No," replied Mr. Miller. "I think, however, that Mr. Rockefeller is willing to take the witness stand and doubtless regrets his inability to supply the information demanded by the court."

BIG MELON LASTS LONG.

Generous Slices Received by Fifteen Individuals or Estates from Standard Oil Company.

BY DIRECT WIRE TO THE TIMES.

NEW YORK, July 5.—[Exclusive Dispatch.] Fifteen individuals or estates, based on estimated holdings previous to the formation of the Standard Oil Company of New Jersey, control more than 90 per cent. of the stock of the corporation.

They have received during the last ten years dividends aggregating \$86,000,000, or an average of \$5,733,333 a year. The average yearly dividend on Standard Oil stock during the last ten years was \$4.40 a share, so that the entire dividends on the authorized capitalization of \$100,000,000 for the ten years ending December 31, 1907, will have reached \$44,000,000, of which but \$35,966,666 has been or will be credited to the fifteen individuals or estates in question.

Following is a list of the holders of 90 per cent. of the entire stock: J. D. Rockefeller, W. C. Andrews, Charles Pratt, H. H. Rogers, William Rockefeller, O. B. Jennings, Estate Josiah Macy, J. A. Bostwick, Charles L. Hart (deceased), W. G. Warren, J. V. Harkness, H. M. Flagler, O. H. Payne, John P. Huntington and J. J. Vanderbilt.

J. D. Rockefeller owns 27.4 per cent. of the capital stock of the Standard Oil Company, and apparently he has received an average of more than \$11,000,000 a year on the shares over the

BARONESS VAUGHAN, morganatic wife of the King of Belgium, whose infant son may be declared heir to the throne.

last ten years. It has been said that Mr. Rockefeller has largely increased his holdings, but no confirmation of this statement has been obtained.

ROGERS IN GOOD HUMOR.

Standard Oil Man Just Home from Abroad, Wonders How Much Rockefeller Will Get.

BY DIRECT WIRE TO THE TIMES.

NEW YORK, July 5.—[Exclusive Dispatch.] Henry H. Rogers of Standard Oil Company returned today on the Baltic. When he was met by a reporter at Quarantine he evinced a desire to speak on about every topic except Standard Oil.

All that he said concerning the corporation with which he is identified prominently was in the shape of a query as to whether John D. Rockefeller had yet been "arrested." He jokingly asked what the reporter thought Mr. Rockefeller would get from the Chicago judge.

"This is about all I have now," said Mr. Rogers, "and Mr. Rockefeller jingled a handful of English pounds and half-pounds in all the plays, pools and everything else that I ventured into," he continued. "I went to Nippy primarily for the benefit of Mrs. Rogers' health."

"How about the financial situation?" the financier was asked.

"All that I can say is that I am six feet tall and still optimistic. I have been too busy attending to Mrs. Rogers' health and the financial situation much. Neither did I have time to look into the condition of American securities while on the other side."

LUCKY YOUTH IS "JOE LEGS."

MAKES ANOTHER BIG KILLING IN WHEAT PIT.

Former Messenger Boy Who Begun Building Fortune from "Shoestrings" on Chicago Board of Trade Clears Up Another Hundred Thousand Dollars.

BY DIRECT WIRE TO THE TIMES.

CHICAGO, July 5.—[Exclusive Dispatch.] "Joe Legs" Linberger has just cleared up another \$100,000 in the wheat market. He left the bank at noon after a long day's work in the wheat pit. Within a month and a half the former messenger boy has evolved \$300,000 from "shoestrings." Every thing touches "Joe Legs," an nickname given by the Board of Trade members because of the length of his lower extremities, seems to turn into gold.

parent that the explanation is to be found in the fact that the battleships will be within easy reach of San Francisco, in other words, they could in an emergency arrive at that point before any other fleet could.

Naturally, the coating of the fleet is a very serious thing. Two methods of doing this have been provided for in the plans of the general board. The first is to send with the battleships a sufficient number of colliers to enable them to replenish their coal supplies without depending upon foreign coaling stations. In this case a fleet of no less than twenty colliers will be necessary because of the enormous quantity of coal which will be burned on the cruise.

In the second place the plans provide for the free use of merchantable coal along the route, which, of course, would diminish the number of colliers required.

MAKEUP OF PACIFIC FLEET.
Under the latter plan, it is probable that the five colliers already attached to the Atlantic fleet will be sent forward to San Francisco. Coal at this point is scarce, and extremely bad. Admiral Evans, it is expected, will start sixteen battleships besides a number of colliers. The armored cruisers Washington and Tennessee which are now in French waters, are under orders to immediately refit and proceed to the Pacific Coast to form part of an armored cruiser squadron to be assembled there. It is possible that they will be detached and accompany the battleships on the cruise.

When Admiral Evans arrives off the coast, his fleet will be increased by the addition of the battleship Nebraska, nearly completed, and simply waiting for the outfitting of her crew. The battleships Wisconsin and Oregon now at Bremerton Navy Yard, Puget Sound, will probably have completed their extensive repairs by next March, and that they too may be added to the fleet which will then comprise nine battleships, beside the armored and protected cruisers of the Pacific Coast fleet.

The composition of the fleet today is as follows:
Battleships—Connecticut, Maine, Louisiana, Missouri, Virginia, Georgia, New Jersey, Rhode Island, Alabama, Illinois, Kansas, Kentucky, Ohio, Minnesota, Kansas.
Protected cruisers—Charleston, Chicago, Milwaukee, St. Louis, Gunboats—Yorktown.

The armored cruiser squadron of the Pacific fleet, which will have headquarters in California waters, will be composed of the Washington, Capt. Albert G. Breyer, sister ships, 34,500 tons, guns, 24 inch, and the California and South Dakota, 34,600 tons each, 22 inch, 18 guns, almost complete with officers, yet to be assigned.

Rear-Admiral Charles H. Stockton will command the armored cruiser squadron, the Tennessee being his flagship.

EXPENSES OF THE TRIP.
It is estimated the fleet will consume 60,000 tons of coal, which will cost in the neighborhood of \$400,000. The expense of the trip will be enormous, but of course, much of this would be continued even if the fleet should remain in eastern waters. The cost of feeding the officers will approximate \$200,000 a day, the food for the enlisted men about \$200,000 daily. The pay of the officers daily will approximate \$2000 and that of the enlisted men about \$150,000, thus making the daily expense of the voyage about \$30,000, not considering the cost of coal, the wear and tear on the vessels and the cost of powder for salutes and repairs to the fleet.

The weight of the guns and projectiles to be carried along the Horn by Admiral Evans's fleet is as follows: Thirteen-inch guns, 60,000 pounds; projectiles, 1200 pounds; twelve-inch guns, 52,000 pounds; projectiles, 350 pounds; ten-inch, 24,000 pounds; projectiles 500 pounds; eight-inch 18,000 pounds, projectiles 250 pounds; seven-inch, 23,500 pounds; projectiles 140 pounds; six-inch, 10,000 pounds; projectiles 100 pounds; five-inch, 6,000 pounds; projectiles 80 pounds; four-inch 3,100 pounds, projectiles 20 pounds; six-pounder rapid fire 177 pounds, projectile 4 pounds; three-pounder 82 pounds, projectiles 8 pounds; one-pounder 116 pounds, projectiles 1 pound.

BOB TAYLOR FOR BIG NAVY.
Senator-elect from Tennessee Says Fleet on Pacific Afloat Will Prevent War With Japan.

(BY DIRECT WIRE TO THE TIMES.)
DALLAS (Tex.) July 5.—[Exclusive Dispatch.] United States Senator Robert Taylor of Tennessee spent today in Dallas and talked freely on the relations between Japan and the United States. Senator Taylor is decidedly pessimistic on the outlook. He considers war between the two countries to be in the line of probabilities of the near future. Among other things, he said:

"In my opinion, war between our government and that of Japan is sure to come. It may not come now, or during the next year, but it is on the way. The Japanese have become inflated because of the results of their war with Russia, and regard themselves as the superior of any race of people alive.

"I have always been an earnest advocate of a navy, and I want a navy second in size to that of no other nation, and superior in fighting efficiency to any such fleet. Our Atlantic fleet please me. I want to see it maintained to its present high standard and I want another in the waters of the Pacific and also another in the waters of the Atlantic as that now rendezvoused at Hampton Roads.

"This is not a new theory of mine. When I was a candidate for governor of Tennessee, I ridiculed our ridiculous navy and made things warm for the Republicans. I am now a believer in peace. I am in no sense a jingo. The

HOW JAPANESE REGARD MOVE.
(BY THE ASSOCIATED PRESS—P.M.)
TOKIO, July 6.—A report from New York that President Roosevelt had officially confirmed the dispatch of sixteen battleships to the Pacific produced but little commotion here. Some are inclined to feel apprehensive on the part of a certain section of Americans, affected with anti-Japanese mania, or the machination of a tool of a third power which is trying to benefit from the quarrels of others.

surest way to compel peace is the presence of a navy, capable of clearing the seas of hostile fleets. "As a Senator of the United States it shall be my pleasure to do all in my power to put the navy of the United States so far ahead of all others that Japan and all other countries as well cannot be quelled into a conflict with us."

"TIME IS PROPITIUS."
Rear-Admiral Brownson Eager to See What Battleship Fleet Can Do on Long Cruise.

(BY THE ASSOCIATED PRESS—P.M.)
OSTER BAY (N. Y.) July 5.—Rear-Admiral W. H. Brownson, who today landed at Oyster Bay, stated on reaching Oyster Bay that he did not know what ships would compose the fleet to go to the Pacific, and that all he knew of the intended cruise was what he had seen in the newspapers.

PEACE MEETING BECOMES JOKE.
ALMOST NOTHING THIS FAR IS ACCOMPLISHED.

After Three Weeks' Work, Combined Efforts of International Luminaries Reach Agreement That "Desirable" Should Be Added to Original Clause.

(BY DIRECT WIRE TO THE TIMES.)
THE HAGUE, July 5.—[Exclusive Dispatch.] Some consideration was displayed over the news that the venerable and highly-respected M. Nelidoff, is seriously ill. This, coming on top of his suffering from rheumatism, has been a considerable delay to the proceedings of the peace conference, progress of which is already lamentably slow. Apropos of this, one of the delegates said today:

"The truth is that up to date none of the appointed luminaries have come to any conclusions, while it goes round as a good joke that, after three weeks' work, the combined efforts of the international luminaries have been managed to agree that one word, 'desirable,' should be added to the original clause of 1899, which had hitherto stopped at desiring of the good offices of friendly powers in case of grave differences as merely 'useful,' to which Mr. Choate now adds 'desirable,' particularly as a strain indicating the way the stream is running."

This is corroborated by a diplomatist who is drawing up a whole lot of resolutions and getting people to sign them something like a juggler. But the better balanced delegates, who are in the majority, are perfectly aware that little can be done beyond discussing a series of minutely indicated articles of agreement to a declaration of hostilities previous to attacking, and what many of them think of the suggestion of making thirty days' notice of hostilities. Meanwhile, in fairness it may be stated that M. Nelidoff's illness has not done much to help matters, as he has not been able to attend the conference.

But the better balanced delegates, who are in the majority, are perfectly aware that little can be done beyond discussing a series of minutely indicated articles of agreement to a declaration of hostilities previous to attacking, and what many of them think of the suggestion of making thirty days' notice of hostilities. Meanwhile, in fairness it may be stated that M. Nelidoff's illness has not done much to help matters, as he has not been able to attend the conference.

NABABSONDER WITH WOMAN.

Defaulter of New York Bank: Betrayed by Harlot.

Lavished Money and Jewels on Paramour.

Actions Indicate Case of Dual Personality.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, July 5.—[Exclusive Dispatch.] Betrayed by a woman of the tenderloin, on whom he had lavished money, to whom he had promised thousands of dollars and who knew him only as "George," Chester B. Runyan, the defaulting teller of the Windsor Trust Company, was arrested at a pistol point today in a rooming house at No. 619 West One Hundred and Forty-fourth street, which he had rented for the woman, whose acquaintance he had made less than three weeks ago, and for whom apparently he had no affection. Many features of the remarkable case suggest the old theory of two identities.

Since midnight last Saturday, eleven hours after his sensational departure from the trust company's office, he had not been out of the house, nor had his clothes or his indifference amazed the police. He had not been drinking and, apparently, was in perfect health.

He made no inquiries concerning his wife, who, completely prostrated over his disappearance, was kept in ignorance by his clothes and the indifference of a woman, for fear the shock would have a fatal effect.

\$54,410 IS RECOVERED.
Money to the amount of \$54,410 was found in the suit case he carried when he left the bank last Saturday, and which since that time filled with yellowbacks and been known about the Harlot flat. There is missing \$25,000, and the police believe the woman, Mrs. Laura M. Carter, has the hidden money. She does not deny it, and declares she does not even want the reward of about \$700, \$200 in a lump sum, and the rest in installments.

She gave Runyan a check for \$10,000, which she is entitled, whether she is held as an accomplice or not.

PITH OF NEWS FROM THE MIDDLE WEST.

RAILROAD RECORD.
TO OPEN LAND FOR SETTLERS.**Frisco Line Contemplates an Important Move.****Over Million Acres to Go to Homeseekers.****Plan Affects Arizona and New Mexico.**(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, July 5.—[Exclusive Dispatch.] The management of the Frisco line is making preliminary arrangements to open up for settlement about 1,500,000 acres of undeveloped land in Arizona and New Mexico. It is estimated that the property is worth to the railroad at least \$500,000.

Plans for converting the property to useful purposes are being worked out by the executive officials at New York and St. Louis, and it is expected that they will be in definite shape within a month. B. F. Yost, chairman of the Executive Committee, has had an inspector travel through every township of the property. The land is situated in the eastern part of New Mexico and the eastern and western parts of Arizona.

The Santa Fe owns considerable property of the same kind in Arizona and New Mexico, and the action of the Frisco may induce this company to open up its land to settlers.

The Frisco's land was acquired through the old Atlantic and Pacific Railroad grant. Title to the property is held by the Frisco, but patents have not been taken out yet. The first step was to get the patents.

The Frisco has already sold 1,000,000 acres of patented land under the Southern Pacific Railroad grant of 1852 and 500,000 acres of patented land under the Atlantic and Pacific Railroad grant of 1854. It still has for sale a total of 1,500,000 acres patented, valued at \$150,000.

The Frisco's Atlantic and Pacific patented land to be sold will, it is believed, be good for pasturing and dairy farming.

AGAINST "C.O.D."
EXPRESS CASE DECIDED.(BY THE ASSOCIATED PRESS—A.M.)
KANSAS CITY, Mo., July 5.—Judge John C. Pollock, in the United States District Court here today, reversed his mandatory order compelling express companies to carry "collect on delivery" packages and denied a temporary injunction against the Wells Fargo Express Company and the Pacific Express Company, asked by the Harvest King Distilling Company, forcing the express companies to accept its shipments of whisky.

Judge Pollock held that there is no common law duty resting upon the express companies to engage in a "C. O. D." liquor business.

Judge Pollock issued a mandatory order June 1, compelling the express companies to carry "C. O. D." shipments until the questions at issue might be presented to the court in proper form. This order has been reversed.

OVERCHARGE IS CLAIMED.

Pacific Purchasing Agency of Los Angeles Files Complaint With Interstate Commerce Commission.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, July 5.—[Exclusive Dispatch.] Complaint has been made to the Interstate Commerce Commission by the Pacific Purchasing Agency of Los Angeles that it was overcharged \$100 on freight on a carload of brass rods shipped November 25, 1906, by Chicago and Northwestern, Union Pacific and the Southern Pacific.

The plaintiff alleges that it bought the rods from the Simmons Manufacturing Company of Kenosha, Wis., and the Northwestern roads, not having one full carload, supplied two smaller ones, aggregating the same rate, \$11.60, that it would have charged for the big car.

The other roads, however, refused to accept the rate and made a charge of \$2.30, based on a carload of 12,000 pounds, whereas the rate of \$11.60 was based on a carload of 50,000 pounds. The commission is asked to order a refund of the difference.

TO ISSUE \$5,000,000 IN NOTES.

Holding Company of United Railroads Plans to Take Up 1915 Obligations of Bay City Trolley Lines.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, July 5.—[Exclusive Dispatch.] Preferred and common stockholders of the United Railroads Investments Company will hold a special meeting in Jersey City on July 25, to take action on the proposal of the directors to authorize an issue of \$5,000,000 three-year 6 per cent. notes and also consider the acquisition by the company of the \$1,000,000 ten-year notes of the United Railroads of San Francisco, which are due in 1916.

The ten-year notes were issued for corporate purposes before the San Francisco earthquake, the proceeds being devoted to the note holders to take up this issue, as it was thought best that the holders of San Francisco bonds should be able to assume the obligation.

After taking up this \$1,000,000 issue, the remaining \$4,000,000 of the proposed new note issue will be devoted from time to time as needed, to the requirements of the subsidiary lines.

MUST CUT CHARGES.(BY THE ASSOCIATED PRESS—A.M.)
LINCOLN, Neb., July 5.—Atty.-Gen. Thompson this evening in the Supreme Court enjoined the five express companies doing business in the State from seeking to evade the provisions of the law reducing express charges 25 per cent.

The new law went into effect today. Thus far all of the companies have ignored it.

PATRIOTISM IS CRIME CLOAK.

Fourth of July Celebration Used by Leaders of Vendetta to Pick Off Marked Men.

(BY DIRECT WIRE TO THE TIMES.)
ST. LOUIS, July 5.—[Exclusive Dispatch.] That Ignatz Kurlik of No. 2317 Kansas avenue, who was shot and killed, and Ovis Stevenski of No. 2235 Kansas avenue, who was found dying with five gunshot wounds in his body, early this morning in East St. Louis,

are the victims of a plot instigated by the leaders of the Armenian and Hungarian colonies is the belief of the East St. Louis police.

Andy Huyen, Stephen Tuvi, Tobias Rentruf, John Bogun and John Hult, have been arrested in connection with the shooting and they are being held pending an investigation.

The police say they have evidence to prove that vendetta is in existence and that the shooting, which was begun under the guise of a Fourth of July celebration, was really an attempt to kill certain men and represent that they were victims of accidents.

The police have learned, they say, that the Armenian and Hungarian leaders disposed of certain Hungarians by pretending to shoot blank cartridges, but which really contained loaded cartridges. Their defense is that it was an accident.

The police say that the other faction learned of the true and began searching for the persons who shot one of their clan. The only reason that more were not killed is that the men marked for assassination could not be found.

BOYCOTT NOW SEEMS ASSURED.**JAPANESE THOROUGHLY FAMILIAR WITH THIS WEAPON.**

Ootaka Yamaoka, leader of Anti-American Movement, Says United States Will Not Be Able to Stand Out Against Strong Attitude of His Nation—Agitation Kept Up by Press.

(BY DIRECT WIRE TO THE TIMES.)
TOKIO, July 5.—[Exclusive Dispatch.] A general boycott of American goods by Japan is expected to be one of the developments of the anti-American agitation. The proposition is being seriously urged upon Japanese chambers of commerce and business interests, which realize that Japan has far more to lose than to gain from a commercial war, especially with the United States, which is this country's best customer. But the agitation is one that may bear fruit with any further infaming of the popular feeling.

The boycott is not an unfamiliar weapon to the Japanese. It is very well understood throughout the Orient that the Chinese boycott of American goods, which last year and the year before hurt American exporters very much, was a very large extent, the work of the Japanese and persons under their control and influence. This movement was to a great extent, the work of the vernacular newspapers published in the different treaty ports of China and these papers either are run by Japanese or by young Chinese who received their education in Japan and are under Japanese influence.

It would probably be impossible to prove that these journals, which were so active in stirring up anti-American sentiment in China, were directly or indirectly subsidized by the Japanese government, but the charge has been freely made and is very generally believed by those in a position to know the inside of things.

LEADER OF MOVEMENT.
The present suggestion of a boycott of American goods, in retaliation for the alleged outrages upon Japanese in San Francisco, and the "general attitude of America toward Japan," came from Ootaka Yamaoka, who came to Tokyo from San Francisco as the representative of the Japanese government. Mr. Yamaoka is understood to have a personal interest in the matter of immigration and exclusion, since he is engaged in shipping labor from Japan, but he comes properly accredited, as he has been received, not only by the Japanese Foreign Affairs and other members of the Cabinet, but by the elder statesmen.

The promulgation of the prohibitive law, says Mr. Yamaoka, "was enough to arouse the indignation of the people. The purpose of my mission is threefold: First, to secure the rejection of such prohibitive treaty; second, to secure the striking out of the clause providing that the treaty provisions should not supersede the laws of either country; third, to secure the appointment of a commission to investigate the condition of things in the United States."

After telling of the assurances he received from Yamaoka that the Japanese government will never consent to an exclusion treaty, Mr. Yamaoka said: "What I want to understand more than anything else is the extremely indifferent attitude of the general public toward the Chinese boycott, toward the present question. The American people, who have enormous wealth, have been so careless of the strong attitude of this nation. We know how painful the Chinese boycott of American goods last year was to the United States. I sincerely hope that at this juncture our people will brace themselves up for this national cause."

This suggestion of a boycott has been heartily welcomed by a Korean developed by Mr. Yamaoka in his talks with politicians, but so far without any great success.

Nearly Three Hundred Arrive in Mexico to Work in Coal Mines, Then Enter United States.(BY THE ASSOCIATED PRESS—P.M.)
CITY OF MEXICO, July 5.—Two hundred and seventy-five Japanese have been admitted to the United States at Salina Cruz, the Japanese, like most of the others that land in this country, are headed for the coal mines in the Las Esparzo district.

Joseph S. Stram, a Chinese immigration inspector, stationed at El Paso, who arrived in this city today, stated that the Japanese are flocking to the border in great numbers and the Eureka Homestead Association to escort his mother to San Francisco for her health.

Police Commissioner Fears Missive from Attorney Devin Will Inflame Public Sentiment.

(BY THE ASSOCIATED PRESS—P.M.)
SAN FRANCISCO, July 5.—An attorney called upon Tax Collector Nicholas today in behalf of five Japanese who were indicted for conspiracy to conduct employment agencies by the police commissioners. The lawyer made a formal demand for the licenses and tendered the required fees. The tax collector referred the attorney to the Police Commissioner, who have jurisdiction in the matter of issuing such licenses.

Commissioner Haggerty of the Police Commission received a letter from United States Attorney Devin, but he refused to reveal its contents on the grounds "that it might inflame public sentiment."

SCHMITZ INSANE, DECLARES BURNS.

DETECTIVE WANTS LUNACY COMMISSION APPOINTED.

Asserts Convict Mayor Is no Longer Mentally Competent to Appreciate His Position—Mind Deteriorated by Brooding Over Predicament Into Which He Was Duped.

(BY DIRECT WIRE TO THE TIMES.)
SAN FRANCISCO, July 5.—[Exclusive Dispatch.] That the convicted Mayor, Eugene W. Schmitz, who from his cell in the branch county jail has announced his candidacy again for election to the high municipal office he has forfeited, has become mentally incompetent, a result of physical debility and worry and should be mentally examined by a commission in lunacy, is the opinion of Detective William J. Burns.

"I am convinced," declares Burns, "that Mayor Schmitz is insane and that his mental condition should be inquired into at once."

Burns keeps himself thoroughly posted on the details of the fact that the Mayor personally, outside the branch County Jail, has been seen by observation, every movement of the convicted Mayor without the walls of the jail watched. An automobile is attached to the post, and wherever Schmitz goes, detectives follow in the commercial car.

Whether or not the advice of Burns will be followed and the lunacy commission asked to inquire into the mental competency of Schmitz will not be determined until Francis J. Heney returns from his junket to Catalina Island.

LOCKJAW ADDS TO DEATH LIST.

FOURTH OF JULY VICTIMS EXCEED ALL RECORDS.

Fifty-nine Fatalities Are Reported Up to Midnight of July 5 and the Deadly Tetanus Promises Materially to Increase the Growsome Figures.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, July 5.—[Exclusive Dispatch.] With the grim returns still coming in, the number of Fourth of July casualties for 1907 already, at midnight, had eclipsed all records, according to the Chicago Tribune during the last nine years.

The total number of dead at that hour was fifty-nine. This figure was eight more than a year ago at the same hour, and it was only equaled twice before in the nine years—in 1905 and 1906. The total number of injured at midnight stood at 423. This total eclipsed all records in the nine years, the highest number heretofore reported at midnight of July 5, being 363 in 1903.

An usual, fireworks claimed the largest number of deaths up to midnight. The total number of victims of cannon, gunpowder, firearms and toy pistols are in relative proportion.

Dead, 59: By fireworks, 24; by cannon, 7; by firearms, 12; by gunpowder, 8; by toy pistols, 16; by fireworks, 13; by cannon, 45; by firearms, 59; by gunpowder, 78; by toy pistols, 34; by fireworks, 147,680.

The death toll promises to mount higher as the day goes by. Already tetanus is beginning its deadly work, the death of one victim from lockjaw being reported at midnight.

New York, which on Thursday headed the death roster, added another victim to its total today, bringing the number up to eleven. But even with the increase, Pittsburgh passed the big metropolis in the grim roll, reporting twelve deaths up to midnight. Chicago added only three in the list, making only three in the list of cities and towns from which the deaths were reported following:

Aberdeen, S. D.; Hartford, Ct.; Albion, Mich.; Herrick, O.; Bay City, Mich.; Jefferson, Iowa; Chatham, Ill.; Kansas City, Kan.; Chicago, 3; Montpelier, Vt.; Cleveland, 1; New York, 11; Elmhurst, Ill.; Philadelphia, 1; Birmingham, Ala.; Pittsburgh, Pa.; Evansville,

DOUGLAS, (Ariz.) July 5.—[Exclusive Dispatch.] The advent of the Western Federation of Miners is to be met with a resistance so strong that they cannot get a footing in Douglas. The business interests of this city will not wait as Douglas will till the Western Federation of Miners is established, but will fight their every advance.

Every business man of any standing in the city has contributed liberally to the fund which is to be used to kill the Western Federation of Miners in Douglas. At least 300 business men have signed their signature to the resolution.

At a meeting held here Wednesday evening of about forty business men in this city, the following resolutions were unanimously adopted, and yesterday and today the resolutions were being practically carried out by business men in Douglas. Over 100 names are added to the document as published here today.

Whereas it has come to the knowledge of the general public of the city of Douglas that the Western Federation of Miners is about to establish a local organization, and whereas the Western Federation of Miners is an organization of men who are engaged in violent and lock-out following its establishment, disturbing and impeding all kinds of business.

Therefore, we, the undersigned citizens and business men of the city of Douglas, do hereby resolve that we will oppose to organized labor, deplore the management on the part of any of our citizens who establish such an organization of the Western Federation of Miners in the city of Douglas, that the miners in the city of Douglas, who are engaged in violent and lock-out following its establishment, disturbing and impeding all kinds of business.

MAY SUTTON REGAINS TENNIS CHAMPIONSHIP.

[BY DIRECT WIRE TO THE TIMES.]

May Sutton, of Pasadena, who won the world's tennis championship at Wimbledon, yesterday.

from 40-50 and the first set at 6-2. Everyone felt that the holder would have to improve mightily to save her title. Mrs. Chambers began the second set confidently by taking the first game, but her opponent replied to this rebuff by annexing a love game and also winning the third and fourth games, her driving being very vigorous and her nerve as sound as ever. She was thus 3-2.

Now a really fine struggle began, both women rising to their height of form and Mrs. Chambers playing with deadly effect. The English woman won the fifth game, but lost the next two after advantage was called in both. She took the eighth game and made it four all. But Miss Sutton won the ninth to love and the tenth after many brilliant rallies.

Miss Sutton admitted afterward that Mrs. Chambers did not show such form as she did last year, but she also thought as everybody else did, that she herself had materially improved. Miss Sutton received a remarkable ovation from the crowds in the stands. The hand-truck up "See the Conqueror Here Comes" the committee presented the American girl with a huge bouquet of flowers, and there were cheers and calls for sport. However, she was overcome by the warmth with which her victory was greeted, and was only able to say: "I have won twice and I am going to win a third time."

In the doubles championship round, Brooks and Wilding defeated Sutton and Behr by 3-0. Score, 6-4, 6-2. The Americans put up a good struggle but the Australians were in better form than they had displayed in any of the preliminary contests. Beals C. Wright, and Miss Sutton defeated A. D. Preble and Miss Euphrosyne in the fourth round of the mixed doubles. Score: 6-1, 6-3.

SPORTS ARE DISGUSTED.

Came Hundreds of Miles and Spent Much Money to Witness "Fiasco" of Fight.

[BY THE ASSOCIATED PRESS.] SAN FRANCISCO, July 5.—Many of the sports and followers of the athletic game whom it cost from \$5 to \$20 in addition to their railroad fare to see Tommy Burns, the Canadian, win Bill Squires, the "Australian mystery," in the first round at Colma, yesterday, left today for their homes in Salt Lake, The Nevada goldfields, Los Angeles and other places. There were general expressions of disappointment and disgust among those who had come hundreds of miles to see what they believed would be a long finish fight.

The morning papers declared "that the public was sold again and that the fight was a 'fiasco' and the greatly overrated and widely heralded champion from the Antipodes is cartooned as a 'lemon' and a 'dicker'."

have a pretty poor lot of fighters in Australia because Squires was the best we had."

Jeffries has announced that since the title remains in America he will not re-enter the ring. Had Squires been the victor, declared the undefeated champion, he would have defended the title once more. "As long as I am able to fight the title will remain in this country," said Jeff.

PORTLAND MAY SIGN ARNOLD.

Teams in the Southern State League are to play the following schedule tomorrow: Hoegs and Pasadena, at Pasadena; Del Reys and Pickwick, at San Diego; Morans, no game; Hamburgers, withdrawn.

The managers of the five teams in the league will meet Monday night to settle several matters now in dispute, and at that time probably will select a team among the applicants to replace the Hamburgers.

Chic Arnold, who will play with the Del Reys tomorrow, will be given a tryout in the outfield by the Portland management within a few days.

Three-Cushion Billiards.

Entries for the three-cushion billiard tournament of the Los Angeles Athletic Club are coming in slowly, but those players desiring to enter should remember that the entry list will close on Friday of next week.

July 12. It will be a handicap contest, and the committee, consisting of Theo Gordon, Homer Milsap and Harry Brown, will probably be the only scratch men.

Handball Play.

The Class C handball tourney will be over at the Los Angeles Athletic Club, when W. J. Stewart and Dr. Treon finish the one game they are scheduled to play. This may be put on today.

HENEY SUE HERE.

San Francisco Prosecutor Made Party Defendant in Coffee Embezzlement Case.

Francis J. Heney, Assistant Prosecutor in the San Francisco graft cases, is made party defendant in a suit brought here in the Superior Court against a mercantile concern, the Ben Henry Co., of which the attorney is said to be a silent partner and general counsel. The action was brought by W. F. McLaughlin & Co., a wholesale tea and coffee house of Chicago, to recover damages for the alleged illegal possession of about \$800 worth of coffee, said to have been embezzled by the firm's fugitive agent, R. C. Glaser.

The concern with which he is said to be connected maintains offices in Tucson, El Paso, Bowie, Colton, Bakersfield and this city.

The plaintiff says that R. C. Glaser, formerly in the commission business at No. 409 South Los Angeles street, sold fifty cases of coffee to the defendant

company. It was soon after discovered that Glaser sold the coffee on his personal account and never made a settlement with McLaughlin & Co. That firm at once began investigation and through its attorney, Edward L. Payne, instituted proceedings to recover the stolen coffee or its cash equivalent. Payne was successful in locating the chests of coffee, and in most instances the firms purchasing the same readily agreed to refund it to the Chicago house. But Ben Henry Company is said to have refused to make restitution, stating that the coffee had been sold.

Attorney Payne claims the company must have known there was something queer about the sale by Glaser, inasmuch as he offered the coffee at a price far below the market. Ben Henry is supposed to be in Tucson. M. W. Talbot is the local manager. Learning that Francis J. Heney was in the city, attorneys for the plaintiff determined to serve the complaint upon him.

Mr. Heney accepted the service of the papers, but said nothing regarding the merits of the action. He did not necessarily have any personal knowledge of the transactions that led up to the suit, but was made one of the defendants on account of his presence in this city. The other members of the copartnership are said to be out of the State.

Glaser, the smooth commission agent, concocted a scheme whereby he expected to swindle the firm of McLaughlin & Co. out of thousands of dollars' worth of coffee, teas and spices. He established a sort of credit with the wholesalers billed their goods to a local warehouse, Glaser was allowed to remove about seventy-five chests of coffee from the warehouse before he was discovered. Most of the embezzled coffee was sold to the Ben Henry Company for a ridiculously low price. As soon as his thefts were discovered, Glaser fled from the city. He is supposed to be in Mexico.

LOSES FOOT WHILE SLEEPING.

Woman Takes Nap on Railroad Track and Switch Engine Comes Along. Her Screams Bring Aid.

While Mrs. Carrie Gilbert slept on the railroad track in the rear of a commission house on Central avenue, near First street, last night, a switch engine severed her left foot. Her screams attracted the attention of the switching crew and she was taken to the Receiving Hospital. She gave as her address No. 617 1/2 East Sixth street. The police surgeons stated that the woman had been drinking. She was unable to remember what transpired prior to the accident.

CONDITIONS IMPROVED.

Conditions in the City Jail were very much improved last night. Forty men were released from the chain gang at 4 o'clock yesterday afternoon, as they had served their time and seventeen men were taken from the tanks and allowed to sleep upon the stable floor. Every effort is being made to alleviate the suffering of the prisoners.

Mr. Huntington's workmen, yesterday, commenced building the railroad connection with the Redondo Villa Railroad at Culler Station on the Los Angeles and Redondo Railroad.

Only 24 days more at \$90 per lot. Price will be advanced to \$150 per lot on July 31st. Buy now before the increase in price.

Buy where the cool ocean breezes blow from off the health-restoring waters of the Pacific.

Free Excursions Every 20 Minutes Every Day. See For Yourself, Everybody Welcome

FREE ROUND TRIP TICKETS from Los Angeles to Redondo and Return, on Cars Going Every 20 Minutes, Every Day, are Given Away at Our Office Absolutely Free Upon Application. Also Free Automobile Ride at Redondo.

The Beautiful "Redondo Villa Tract" The Beautiful

Only \$90 Per Lot \$4 Down, \$4 Per Month No Interest, No Taxes

Dirt is Flying, Rails Are Being Laid, Spikes Are Being Driven. Join the Rush to Redondo

Large, level lots, 20x150 feet. Rich Soil, Pure Water, Fine Climate. All lots, including corners, one price—\$90 per lot—no more, no less. You know what you have to pay—\$90 per lot—no higher. At Redondo over \$2,000,000 has already been expended in grand and substantial improvements. The beautiful "Redondo Villa Tract" is on the Camino Real (King's Highway) boulevard connecting Redondo with Los Angeles. We have just bought this beautiful tract for \$151,000, and believing in the principle that it pays to let our customers make a profit, hence we have decided on this grand profit-sharing plan. We will make a profit and all our purchasers are guaranteed a profit of 25 per cent. within one year, as per our written agreement.

MR. H. E. HUNTINGTON IS EXPENDING OVER A MILLION DOLLARS AROUND REDONDO IN SUBSTANTIAL IMPROVEMENTS.

Go down to Redondo and see for yourself. At Jefferson street and Grand avenue see the immense stacks of heavy steel rails for the double-tracking of the present two electric lines of the Los Angeles and Redondo Railway Company. The rails are arriving daily. Dirt is now flying. Better buy now. Then there's the Los Angeles-Pacific Railway Co.'s electric line to Redondo, the broad-gauging of which will soon occur. And in addition to the above three electric lines now running to Redondo is the great Santa Fe steam railroad. With four lines of transportation it would seem as if same would be sufficient, but surveys are in the field laying out the shortest line of all to connect Los Angeles with its choicest seashore suburb—Redondo. Mr. Huntington is now building at Redondo the largest electric power house on the Pacific Coast, to cost \$1,250,000, as fast as men and money can do it. Go down and look at the mammoth cement smokestack.

A suburban electric railroad is now nearing completion at Redondo. The grand three-story business block of Mr. W. M. Garland at Redondo is just finished. Follow successful men like Mr. Huntington and Mr. Garland—they know that Redondo is substantial and a safe place to invest in. Buy anywhere around Redondo and you are sure to make large profits. Three commercial wharves. A safe harbor by twenty years' practical test. Redondo is permanent and has just begun to grow. Then again, referring to successful men, we notice that the following men have bought to the north of Redondo:

Mr. Edwin Chambers, the far-sighted General Freight Agent of the Santa Fe; Mr. George H. Peck, the successful banker of San Pedro; Mr. John J. Byrne, the capable General Passenger Agent of the Santa Fe, and Dan Murphy, the millionaire oil

Remember that your purchase is made with the distinct understanding that we will refund all money paid us, with 6 per cent. per annum interest added, if, after visiting the "Redondo Villa Tract" it is found that we have misrepresented our proposition in the slightest particular.

25 Per Cent. Guaranteed Increase

For \$4 down and \$4 per month until paid we will sell you a "Redondo Villa Tract" lot for \$90, subject to the following guarantee from us: If at the expiration of one year from purchase this \$90 lot is not worth \$112.50—or 25 per cent. increase—based on the price at which our corps of salesmen will then be selling similar lots, we will refund all the money you have paid us, with 6 per cent. interest additional.

If you should die at any time before payments have been completed, we will give to your heirs a deed of the lot without further cost. If you should lose employment or be sick you will not forfeit the land, but as each written certificate of sickness or non-employment is received monthly your time for payment will be extended another month.

Free car tickets to Redondo furnished all interested. Electric cars leave every twenty minutes.

Get your free tickets at our office in advance. Automobiles will carry you around Redondo and to the beautiful "Redondo Villa Tract."

GRANDEST SUCCESS OF THE SEASON—Everybody delighted. The golden spike of the Redondo Villa railroad was driven January 6—the commencement of great transportation facilities for the Redondo Villa Tract. The roadbed has been graded, ties are on the ground, rails will soon be laid.

BUY WHERE THE AIR IS THE PURE OZONE FROM OFF THE HEALTH-RESTORING WATERS OF THE PACIFIC.

Buy where the soil is rich and injurious frosts never prevail.

Buy around Redondo, where there are three electric lines and one steam railroad, and there will soon be another electric line.

Buy where the purest of water, from the large water works now on the tract, can be had for only 7½ cents per thousand gallons for irrigation.

Buy where you will make large profits.

Buy at the opening sale, which has been the history, invariably insures a great profit. If you can't be on hand at the office tomorrow morning, then telephone (Main 3379 or Home 5339), telegraph or write at once, and a beautiful illustrated prospectus map and sample contract will be mailed to you absolutely free.

DON'T SEND MONEY—SIMPLY WRITE.

THE CITY IN BRIEF

NEWS AND BUSINESS.

Automobile Man Falls.

Albert A. Davis, proprietor of a garage at San Bernardino, filed a petition in bankruptcy in the United States District Court yesterday. His assets are stated as \$400; liabilities, \$400.

Stanford Luncheon.

Stanford graduates and undergraduates in Los Angeles will meet for luncheon at the Bristol Cafe today at 12:30 under the auspices of the Stanford Club.

Timber Cutters Fined.

Joseph H. Dempsey and Rufus P. Bangle appeared in the United States District Court yesterday and pleaded guilty to indictments charging them with cutting timber on government land. Dempsey was charged with cutting about 800 cords of timber on San Bernardino county, valued at \$200. He was fined \$100. Bangle was charged with cutting about 800 cords of timber on San Diego county. He was fined \$200. They paid their fines and were released.

Boys Lectured.

A number of boys, in their zeal to celebrate the birthday of the nation, failed to observe the city ordinance with regard to the lighting of fireworks. The police arrested them in Justice Ross's court yesterday morning. The offense was not very serious, and no damage had been done, they were discharged, after being lectured. The courtroom suggested family party while the trials were going on, most of the youngsters being accompanied by their mothers.

Auto Fractures Hip.

William Straco, a laborer employed on the outfall sewer, was knocked down by an automobile at Broadway and Fourth street yesterday afternoon and sustained a severe fracture of the right hip. He had just alighted from a Redondo car when a touring car hit him. The fracture was treated at the Receiving Hospital. The chauffeur of the touring car did not stop to ascertain what injuries the man suffered. Straco will be incapacitated for several months. He lives at No. 409 Molino avenue.

Burglary Epidemic.

The epidemic of burglaries shows no sign of abatement. The thieves manage to cover their tracks well, and all efforts to apprehend them have proved futile. Miss Nellie Cole reported to the police yesterday that her apartments at Hotel Lilla had been entered during the night and \$50 in cash, a watch and chain, some silverware stolen. The home of C. J. Bayne at No. 500 Valencia street was also entered during the night. The burglar securing a watch and chain, some jewelry and a revolver.

Rocked Menace Home.

Falling upon the roof of a cottage at No. 592 West Forty-third street, a lighted skyrocket set fire to the roof and before the fire department arrived the flames had gained such headway that the cottage and the contents were destroyed. Thursday night. Two men with ladders attempted to gain the roof but were unable in the confusion as the fire gained a lead on the fighters. Mrs. C. C. Stewart, resident at the place, it is estimated that the loss is \$300. Cottages on both sides of Collins's home were in much danger for some time.

Accused of Assault.

Joe Borello, a laborer, is held in the City Jail on suspicion of having attempted to assault and rob Miss Nellie Cole of No. 500 Valencia street, at Gastelar and Buena Vista streets yesterday morning. On a description furnished by the woman, Borello was arrested at San Fernando and Ord streetman hour later. Miss Cole said Borello stepped up behind her as she passed from a late University car and seized her around the waist. She fought him off by striking him with an umbrella. Then she notified the police.

Federal Grand Jury Concludes.

The Federal grand jury, which has been considering several important cases, made its final report yesterday morning, and found several true bills. The indictments were not made public. One of the important matters before the grand jury was the investigation of Ollie J. Watkins and his California Fruit Growers' Association. This last case was called. Following the usual report of the jury, Judge Wellborn complimented the members upon their careful and judicial consideration of cases presented, and then dismissed them.

Corporations' Assessments.

Forty-five men, employees of the various public utility corporations of Los Angeles county, are busy from 6 to 10 o'clock each night this week, searching the new tax roll to learn the amounts assessed against these concerns. These figures will be compiled in each individual case, and unless there is a remarkable revision from past history, the ensuing week will see almost every large corporation's representatives before the Board of Equalization asking that assessments be reduced. The Pacific Electric Company will have 1500 separate assessments reduced. The Board of Equalization asking that assessments be reduced. The Pacific Electric Company will have 1500 separate assessments reduced. The Board of Equalization asking that assessments be reduced.

GASOLINE EXPLOSION.

Man Burned, One House Destroyed and Another Damaged in Fire Started by Stove.

Two houses were damaged and one man was seriously burned in a fire that started last night in the kitchen of the home of L. J. Peterson, at No. 5311 Neva street. A slight breeze caught a lace curtain and blew it over the blaze of a gasoline stove. Part of the burning curtain fell upon the gasoline tank. Peterson was in the room at the time and saw the danger of an explosion. Picking up the stove, Peterson rushed to the door with it. Just as he reached the doorway the gasoline tank exploded, spraying him with the burning fluid. Peterson dropped the stove and saved himself from being fatally burned by rolling himself up in a blanket. His hands and back were badly burned, and his face was scorched.

The fire gained rapid headway and soon destroyed Peterson's home. It spread to the home of C. T. Dage, No. 5315 Neva street, and damaged the roof. It is estimated that the loss to the home of Peterson is about \$1000 and to Dage's home about \$200. The losses are not covered by insurance.

The most prosperous, the most progressive and the best men of Los Angeles wear made-to-measure clothing. The success that these men have achieved proves conclusively that they carry under their heads is not of color. They know what they are doing when they have their clothes made to measure. They know first, last and all the time that it is simply impossible for them to purchase ready-made clothing that will not be quickly recognized as hand-me-down clothing anywhere where well-dressed men congregate.

Of course, if you can only spend \$12, \$15 or \$18 for a suit, buy a ready-made one. But if you can afford from \$20 to \$25 for your suit, have it Brauer-Krohn made.

Baldwin Refrigerators for Government Hospitals

...Twenty-Second Year...
The Baldwin Refrigerator Company has been notified that its proposal to furnish the U. S. public health and marine hospital service with refrigerators for the current fiscal year has been accepted, making the twenty-second consecutive year that this important branch of the government service has adopted the Baldwin dry air refrigerator for use in all its hospitals and quarantine stations. So highly were these refrigerators regarded by the surgeons and stewards as far back as 1884-1885, that one of them was included in the government exhibit at world's exposition, New Orleans, marked "Standard refrigerator for hospital use."—Burlington Free Press, August 14, 1906.

MUNICIPAL LEAGUE BRINGS FRANCIS J. HENEY ONTO STAGE.

San Francisco Prosecutor Addresses Banquet at Levy's and Large Meeting at Simpson Auditorium—He Abuses "The Times" and Takes the Side of Labor Unionism—Raps Merchants and Business Men.

FRANCIS J. HENEY told two audiences last night of the ambitions which brought the graft prosecution of San Francisco into being before it was dragged down into the mire of politics by Hearst and the labor union bosses.

He spoke first at a banquet of the Municipal League at Levy's. His second address was made in Simpson's Auditorium, under the auspices of the Municipal League.

The tables at Levy's were set like a comb, with three long ones, for the teeth and one for the back.

Mr. Henevy was seated at the head table in the center, flanked by J. O. Koepf and Mayor Harper on one side

Heney in action last night in Simpson Auditorium.

and W. J. Washburn and Lincoln Steffens on the other.

As the night was very hot, some one took off his coat and soon the entire banquet hall was filled with coatless men.

It was nearly 3 o'clock when Heney was introduced by Mr. Koepf. He was received with applause.

He immediately launched into a tirade of abuse against "The Times" and its editor. His face was scarlet with passion.

He spoke of the fact of his being fined \$25 in Arizona for having had improper relations with a jury and of the circumstances under which he killed Dr. Hardy.

All there was to the first case, he said, was that he drank at a bar at which the jurors together with several officers of the court were also drinking.

"And I am sorry to say," he remarked, "that they had got a good start before I got there." He said it was at an hotel bar.

He said that he shot Dr. Hardy in defense of womanhood and because "no man shall slap me in the face and live to tell about it."

He had barely started in to tell of the graft prosecution when some one remarked that he was due at the Auditorium.

"Well, can't all you fellows come over to the other meeting?" he asked the crowd. "Most of them accepted the invitation, a special block of seats having been set apart for those who had been at the banquet."

The Auditorium was crowded. A large number of persons in the audience applauded every statement favorable to the labor unions. This element predominates.

Henevy was introduced here by the Mayor, who carried off the situation somewhat non-committally by saying that he didn't know whether it was safe for a Mayor to have dealings with Henevy, but he had decided to take a chance.

Henevy's speech lasted about two hours and was listened to with interest. He was frequently applauded.

Although not as abusive as at the banquet he made many offensive comments upon the attitude of "The Times," which he said stood for class government. He maliciously attempted to distort the attitude of "The Times" from a protest against the tyranny of labor union bosses and professional trouble-makers, into a systematic war against all who labor.

Henevy seemed to have a grudge against merchants and whacked them unmercifully.

"We have no room for class government," he said.

"How about labor-union government?" he called out somebody.

"Well, we don't want any labor-union politics either," he said. At this some one started to hiss.

He said that the laboring men have a right to organize, in which he seems to agree with "The Times."

He repeated some of the sentiments spoken by him at various San Francisco banquets when he said: "I would rather put my faith in the majority of the labor-union men to go right than in the majority of merchants."

The applause was decidedly faint after this outburst, and came from one quarter of the house where a number of labor-union boosters seemed to be.

He alluded again to the unions in friendly fashion. He was talking

never was slapped in the face by anybody and let him live to tell it.

They have a name for yellow journalism, or rather for the newspaper business, whenever it is working against the rich and in favor of the poor; they call it "yellow journalism."

I don't know what name would best suit the black-hearted scoundrels who sell their souls, their every act to the rich criminals, and who are willing to use their columns to roast every man who adheres to the right, providing in doing so it appears as if he might injure some one of the men who pay for the black ink.

I don't suppose it makes a bit of difference to you, gentlemen, whether I was right when I refused to die a costly death and let the other fellow live in Arizona or not. I don't suppose it makes any difference to you, gentlemen, whether I really was guilty of misconduct when I was fined \$25 in an Arizona court or not. The fact is as to that matter of the fine that a jury tried and found the judge guilty by acquitting the man upon the ground that the judge had no right to disqualify the jury for misconduct, because no misconduct had occurred. That part of the record has not yet been published in "The Times."

We are endeavoring to clean up the rascals in San Francisco, and if I was the biggest rascal in the United States we would have to judge the quality or the character of the work that I am doing at the present time, and if it is right, let this 200 have come down to condemn me.

And so as to Rudolph Spreckels, it is wholly immaterial whether Rudolph Spreckels' motives arise from the fact that he wants to get Mr. Calhoun's railroads, or whether it arises from the fact that he wants to get rid of the scoundrel with him, what is the difference what his motives may be? He furnished the money on which we are going to redeem San Francisco by putting every character, rich or poor, in the penitentiary. (Loud applause.) What do you care whether it is tainted money or not? It does the work. It has already made Rudolph Spreckels a convicted felon, and it has already convicted Spreckels with two labor-union men sitting on the jury and voting for conviction. I want to say about these two men, that they are better American citizens than they are more bright-minded men than the man who is editor of a great daily newspaper, who convicts every labor man offhand and who refuses to convict a man like Calhoun when the evidence is so plain, who demands proof, who demands conviction by jury, before he would admit that there is any case for indictment of Calhoun who is so eager that he would charge me with having committed murder when I defended my own life in the defense of the rights of womanhood. (Applause.)

Well, now, what can we do about it? You know San Francisco is a pretty bad place. That reminds me that my friend Steffens told me not to wear out my voice in the first five minutes and I have gone and done it. San Francisco is no worse criminally than any other large city in the United States. I say that with all confidence, because Mr. Spreckels has been making a study of this subject. So as to ourselves, we are all right. We are not like San Francisco, our citizenship is good. We can elect many men to office, even on an independent ticket and a Democrat dares to come here to this banquet tonight in spite of the fact that he might as well have run at the next election and I hope he will be your Mayor again.

THE GAME.

Which side is correct, that he what you want to know. Because you are in the business, as I understand it, this Municipal League is going to make the best of an endeavor to secure better government for Los Angeles. Do you know what this means? It means that you have to fight exactly the same conditions that we are fighting in San Francisco; it means that you have to fight exactly the same conditions that the people of Philadelphia have been fighting; exactly the same conditions the people of St. Louis, all municipalities of every large city in the United States, and what are these conditions? They are nothing in the world except a combination between public utilities, corporations, houses of prostitution and saloons and the gambling element on the one side, because they all require police protection. They want to be allowed to do something that is prohibited by law without being interfered with. Therefore each and every one of these has a sufficient interest when election time comes. Therefore he is active. Therefore they get together. They pull together. Therefore the same men for the same offices; but who pulls with them? The street car, the gas companies, the telephone companies, the water company if it is a private corporation. Now I am asking gentlemen why do they pull with them; because they want some privileges to which they are not entitled and so they get together. Now I am asking political agents put up the money and programme the primaries to secure the control of the convention, and when they get in there they join hands with the saloonkeepers and the whoremasters and the gamblers and they vote. They do not know much about politics, they know nothing except what you gather from reading the newspapers and have learned that you cannot believe on the one-hundredth of what you read in the newspapers, and therefore do not know whether to believe it or not.

You find that there is a ticket put up, and the better looking ticket, the more respectable ticket, is the one that is all right; but the average know nothing of the evil houses and the gamblers who are taking great care of the people in turn have taken great care of the gamblers and the masters of houses of prostitution. This is the situation that the American people are in in every large city in the United States. This would not have amounted to very much fifty years ago, because only 3 or 4 per cent. of the people of the United States lived in cities. But now I am informed by Prof. Miller of Berkeley that between 25 and 40 per cent. of the people of the United States live in large cities. Stop and think of the United States that means; corrupt municipalities government bosses, corrupt means corrupt national government, if 35 to 40 per cent. of the people of the United States already live in large cities.

Yesterday was the anniversary of the Declaration of Independence. One hundred and thirty years ago our forefathers gathered together that great privilege of equal rights, of special privileges to none, they were willing to sacrifice paltry dollars without putting principle above money; they put right above the dollar and they were willing that they were fighting for, and what was it that they secured first? Labor did not have much liberty as you know it today. They were taxed by Parliament and they were just as likely to have a good King as you are

GREATER RUSH OF EDUCATORS.

Arrivals Yesterday Sign of Big Attendance.

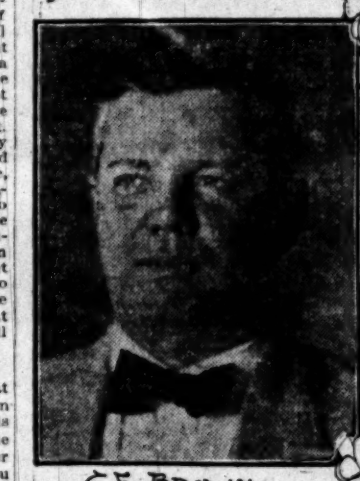

Cleveland Committee After Next Convention.

State Superintendent Hyatt Tells of Filipinos.

Something like a rush attended the registration of visiting educators at the headquarters of the National Educational Association in the basement of Temple Auditorium, Fifth and Olive streets. Several hundred teachers and other visitors arrived during the day, most of them coming in the morning. A great increase is looked for today, and tomorrow there should be a jam. About 2000 visitors, it is estimated, have arrived to date. This number must be swelled by many thousands if the attendance is to reach that of the last N.E.A. convention in Los Angeles, eight years ago, when the total registration was slightly above 12,000—the greatest attendance at any educational convention.

tion up to that time. The registration butte probably will be open nights, beginning tonight.

Ohio's bustling city of Cleveland is the first on the ground with a committee seeking next year's convention of the National Educational Association. Seven leading men of the city are on the committee and six of them already are here; the seventh is expected tomorrow. Members of the committee are: W. H. Eason, Superintendent of City Schools; C. W. Burrows, publisher, president of the Cleveland Convention Board; C. E. Brown, book-seller, of the Cleveland Citizens' Committee; Thomas A. McClellan, attorney; and Rev. Dan F. Bradley, Cleveland Chamber of Commerce; F. H. Haseerot, Berkeley, California, secretary of Education; E. C. Baxter, secretary Cleveland Convention Board.

WAGING HOT CAMPAIGN.

Headquarters of the committee have been opened on the fifth floor of the Alexandria Hotel and the campaign will be waged without let-up from this time forth. St. Paul and Denver are among the other cities that want the convention and when their representatives arrive it is likely that tall rivalry will develop for the "capture of the vote."

The meeting place of the next convention will be determined in the months to come by the trustees of the association, but at the Los Angeles meeting a vote of preference will be taken by the board of directors, and the result of that vote is practically certain to guide the trustees. So the

OHIO AND LOCAL CREDITORS IN ANNOYING POSITION.

Missing Los Angeles Man of Alleged Devious Ways Said to Be Cincinnati "Bankrupt" Who Carried Off Property—Judgment Proceedings Here Complicated by Telegram.

Though J. H. Montay, a man of wide imagination and alleged devious proceedings, is said to have left Los Angeles to return no more, his name lingers. It was spoken many times yesterday in Department Eight of the Superior Court, and also another name which the same man is said to have borne without credit in Cincinnati, Ohio. The proceedings yesterday were in connection with a judgment for \$2,344 against Montay, entered two months ago, which was to have been levied by the sheriff on certain mining stock which the missing one seemed to own. The matter had been complicated by the receipt of a telegram from the Ohio city, bearing information that one Jules Shelke, in November, 1905, and that a receiver had been appointed by the Federal Court in Cincinnati.

It seems that shortly after the taking of this action in Ohio, Mr. Shelke disappeared, and it is charged that he took with him some valuable portion of his personal estate of which the Federal Court had intended the receiver to take charge.

Shortly after this event J. H. Montay appeared in Los Angeles, and applied his genius to the rebuilding of his fallen fortunes. The manner in

MUSIC AND THE STAGE.

With today's two performances, the season of the Californians will close at the Auditorium—save for the N.E.A. convention and religious meetings—will go into summer recess.

Three propositions are open to the audience for the rest of the opera season: propositions have been made from Venice, Santa Cruz and San Francisco. Choice will be made some time next week.

Reviewing the company's work here, the production is probably the poorest attempt. But the "Bohemian Girl" has a close rival in "Robbin' the Delightful Little 'Pina'."

The delightful little "Pina" was also in excellent style.

Of the principals, Mr. Cashman and Miss Saunders are probably foremost in appreciation of the audience; although Mr. Beamer, indeed, was not at all in the best of production.

His voice is an unusually fine one, with proper training, he should be an excellent account of himself.

Miss Saunders is an unusual singer in her work, and Mr. Ling, whose voice, makes up in great part for his stage business and clever

reorganization of the company comes in the fall, as it is the intention of the promoters to continue through the winter.

Southern and eastern points are sought.

Little George Cohan, prince of comic scoundrels, has had a phenomenal success during the past season. The calm-minded observer of American dramatic affairs cannot but feel a certain sympathy for Cohan's flippancy, his appeal for passing popular opinion, and his ever-obvious self-assertion and yet an admiration for his resourcefulness and his boundless energy.

THE MARK OF GOOD CLOTHING

KNOW US FOR BEST VALUES

Groping in the Dark

Many of the good people of this city are groping in the dark in their efforts to reach objects of humanity and charity.

One of the greatest sympathy-needs just now, is a helping hand to the poor miserable prisoners in our overcrowded city jail, and the suffering poor sick folk in our county hospital.

Here is a chance for women's clubs to do real charity.

We will head a subscription list to assist in this cause—who will back us up?

For the Hot Spell

We can supply gauze underwear, black and gray, alpaca coats, linen dusters, crash trousers, cool shirts, boys' wash suits and everything in the way of cool attire for man and boy.

Knitted wool suits for boys and girls of 2 to 6 years, 75c to \$1.25.

Skirt-and-bloomer suits of flannel and brilliantine, neatly trimmed with braid, for girls of 8 to 16 years; \$2.50. (Children's Dept. Rear of Annex.)

Men's combination suits of knitted wool, \$2.50 to \$3.50; black trimmed with red; navy blue with white trimming.

Boys' one-piece bathing suits of the same goods at \$1.00 and \$1.50. 10 to 16-year sizes. (Just inside the door.)

We Close Today at 12:30

And will continue the Saturday half-holidays until Sept. 15.

These Sales for Monday

All \$12 to \$20 flowered hats at eight dollars.

\$20 to \$50 lingerie robes at fifteen dollars.

75c to \$1.25 ribbons at thirty-five cents.

Alligator club bags third off.

Women's \$1.25 to \$2.50 silk stockings at ninety-five cents.

White goods at little above half.

Particulars tomorrow.

Put sandals on the children for vacation and summer wear, the lightest, coolest summer footwear the children could have. Buy them at Staub's.

Staub's is the one shoe store that for five years has practically, alone, stood for and advocated shorter hours for its employees.

Independence, has always been our platform and this year we follow our custom by closing every Saturday, commencing today, and until September 15th at 12:30 o'clock.

We believe that you will appreciate our policy and our stand in this matter.

The movement is in your favor, in our favor and in the clerk's favor. If it has your approval, endorse it by buying your shoes today before noon.

The following good items should make business lively until 1 o'clock, when the store closes. Luncheon in the Cafe from 11.30 to 1.

A Sale of Laces

This morning we're going to make you a most attractive offer—that of all our laces whose values are between 6 1-4c and 50c, at sharply reduced prices. To facilitate buying, we've divided them into lots, as follows:

Lot 1—Laces worth 6 1-4c, 7 1-2c, 8 1-3c and 10c are 5c yard

Lot 2—Laces worth 12 1-2c, 15c and 20c are 10c yard

Lot 3—Laces worth 25c, 30c and 35c are 15c yard

Lot 4—Laces worth 40c, 45c and 50c are 25c yard

Included you will find Vals., Mechlin's, real and imitation Torchons, Point de Paris and imitation Cluny laces, whose values are between the lowest and highest figures quoted.

Silks—Half Price

From the entire Silk Section we've gathered together all odd pieces, single lines of a shade or weave, short lengths and broken assortments, and bunched them for a half price sale. Lengths will vary from a yard and a half up to ten yards, in some pieces. You'll be able to find the very silk you want for a lining, a waist, or even a whole dress, in plain and fancy weaves whose favor is best established this summer—all at half marked prices.

Blanket Sale Continues

This blanket sale has been a success from the start, not only because prices are lower than ever, but because people know that we allow no misrepresentations as to quality or size of blankets. If we say a blanket's all wool, depend upon it, it IS. If it's part cotton or all cotton, we'll tell you just as truly, and charge you a lower price accordingly. And no bedding taken out of this house over night is subject to exchange or return—that's for your protection.

Women's Summer Dresses \$6.50

Here are dainty lawn dresses in pink, blue and black checks mixed with white, summery, clean-looking materials, made up in Princess style, with wide full flounces at bottom of skirts, and Val. lace trimmings to add a touch of distinctiveness. And their price is but \$6.50.

Men's Summer Wearables

Athletic—that's the underwear for warm weather, because it's loose-fitting, affords absolute freedom of motion and permits refreshing air to reach the pores of the skin. Here at 50c, 75c and \$1.00 a garment. The coat cut shirts are sleeveless, drawers knee length.

Our golf shirts are made by the world's most famous shirt makers, they're selected in all the new shades and styles—coat cut, etc., you may have attached or separate cuffs, at prices between \$1, \$1.25 and \$2.50

Pajamas for night wear, of summer weight materials—wash madras in light and medium patterns, only \$1.50 a suit

Fancy half hose which we ought to be selling, if we paid strict attention to style and quality, for 35c a pair, you may have for 25c, plain or silk embroidered

Wool bathing suits, full length or trunk style, for men and boys, prices begin at \$1.50

Ever wear Dr. Deimel or Ramie Mesh underwear? Now is a splendid time to begin wearing either one, for they're delightfully comfortable in hot weather. Sold at list prices here

HENRY.

(Continued From Third Page.)

of Supervisors was composed of men who had never been in public office, or most of them; one was a hack driver, who had never been in office, but who had been in the habit of lugging that belonged to himself in his life. Another was a baker, Longman. Coffey was the hack driver. And so on down the list, the names of the men who had never been in public office. They went into office the first week in January, 1907.

They said that we should put those men in the penitentiary. Let the bribe-taker and the bribe-taker be equally punished. Well, let us analyze the minority of that charge, and let us hear why we left them in office.

We commenced these prosecutions in November. December, January, February to the middle of March, about five hundred of these men, labor day and night. W. J. Burns, Rudolph Spreckels, William H. Langdon, the District Attorney, Hiram Johnson, C. W. May and J. D. W. or met practically every night until midnight and I clock in the morning, at my office, for what? For the people's good, and nothing else. [Applause.]

So far as I am concerned, without one dollar of compensation and without the promise or hope or expectation of one dollar of compensation. [Applause.]

What were we trying to do? We tried to get evidence. We tried to get everybody knew to be a fact, that that Board of Supervisors was corrupt, that the Mayor was corrupt, that the District Attorney was corrupt, that we might send them to the penitentiary, where they belonged. Where did you hunt for that evidence? Where would you hunt for it? Where did they get the money and the bribe-taker? Where would you hunt for that evidence? Where would you hunt for that evidence? Where would you hunt for that evidence?

USED TO CONGRATULATE. As I look back at it now, several of those who are now indicted used to grasp me by the hand and congratulate me on the work that I was doing. [Laughter and applause.] They were really pleased with it. Some of them had indicted Schmitz and Ruff the day the grand jury was in session on the French restaurant case, which was all I knew about at that time. I exploded the whole bomb at once, and the newspapers claimed we knew everything, and that the case was over. We would come up and say: "The editor wanted me to tell you he thought perhaps you didn't know it, and I say, 'all right,' and the next morning the papers would come out with headlines, 'Henry and Burns know and so on.' We got it the night before from the reporter.

And Henry and Burns were walking the floor, wondering how we were going to get it. We knew how, but we had great trouble in doing it, because every time we would build a trap for the Supervisors, the newspaper reporters, who were just as good detectives as Burns, had found it out, and what would they do but tell the people a good story the next morning, and scare the Supervisors away from the trap. [Laughter.]

And then they would feel hard if we didn't let them come and camp in our front office and hear what we were saying and tell them what we were going to do. And if we wouldn't tell them what we were going to do, they would go and dream it. [Laughter and loud applause.]

A NICE, EASY JOB. Oh, it is a nice, easy job, this getting the big fellows, or getting little fellows. Now, mark you, during this five months we were giving the big fellows a chance to come through. During this five months, Patrick Calhoun, who didn't have any car strike on his hands at that time, they let him go. Ford and his attorneys, who were in town, and Mr. Mulhally, knew what we didn't know at that time, that they had paid \$20,000 in greenbacks that they had taken out of the mint, or taken out of the mint in gold, that had been brought over by Patrick Calhoun on May 22, while the city was at almost in her ashes; they had it brought there and robbed the dead. [Applause.] Did they whisper it? Not at all. All that was done was to make an additional effort to keep a few Supervisors who were in the habit of getting drunk from taking too much liquor when Burns's men were around.

On, they are public-spirited citizens who pay money for the privilege of aiding and benefiting the people of San Francisco. Are they? Why did not they do San Francisco the benefit of telling me that they had paid \$20,000 because Ruff and Schmitz extorted it from them? Why didn't they give me an opportunity to send Ruff and Schmitz to the penitentiary for extortion on a case that was easily proven? [Applause.] You may mention that Mr. Harrison Gray Otis, of The Times tomorrow morning.

PARKSIDE COMPANY. No, I will tell you what they did. We will take the Parkside Realty Company, public spirited citizen, William H. Crocker, the head of one of the largest banks, the known head of great wealth, a man whom I admired and respected, because he remained in California and invested his money here, a man whom I would have gone across the continent foot to accomplish something for him. But now, what is he?

The Parkside Realty Company was proceeding, wanted to build a trolley line out where Mr. Crocker had purchased some land lots that he was willing to sell to the good, poor people of San Francisco for \$200 a lot—I think they cost about \$10. [Cries of "They are doing it here!"]

I am not saying that it is not a legitimate proposition to buy property at \$10 and sell it at \$200. You can find suckers enough anywhere, but when they come from the East or West. [Laughter.] But here is where they needed a trolley line. And what did they do? I say that Mr. Crocker could have got it by coming out and making an open fight for it, that there is no Board of Supervisors that ever held office in San Francisco that would have dared refuse to grant him a franchise, and what did they do?

The president of the Bar Association, who was one of his firm's attorneys, went to C. A. Bruce, after it was held up. Mr. Crocker met him the Mayor and the Mayor told him he would look into it, and see what he could do.

LOCKED IN COMMITTEE. So they went ahead and when they went to the Board of Supervisors, they were locked up in the committee and they couldn't get it out, and everybody says, "What is the trouble? Are you going to see Abe?" And so finally his attorney went to see Abe. It almost makes me sick to my stomach, gentlemen, to think that American citizens worth millions of dollars are such cowards. [Applause.] Millions in defense, but not one cent in tribute. As the memory of that day grows, it is the mind of every millionaire of the United States, that the moment he can't get his way he is willing to bribe and break down your government. It demoralizes your officials. It is treason, gentlemen. It is treason. [Loud applause.] So that was Henry and

TURNSDOWN HIS WARRANT.

Prosecutor Fleming Attacks Coroner's Methods.

Will Move for Freedom of Latte's Prisoner.

Says Lanterman Has Exceeded His Authority.

When the case of F. A. Crowley, a Los Angeles Railway Company motor-man charged with manslaughter, is called this morning in Justice Ross's court, prosecuting Attorney Fleming will move to dismiss the charge. Though Crowley was arrested on a warrant issued by the coroner, the facts in the case brought out at the coroner's investigation says Fleming will not warrant holding the man. Crowley will undoubtedly go free.

The last on the motion to dismiss will be argued is that when Crowley was sworn at the coroner's investigation, he was not given the protection provided by the law. He was not notified, according to Fleming's argument, that he was not required to give any testimony before the jury, and that anything he might say might be used against him in the event of his being held criminally responsible for the death of Arthur E. Jacobson.

Crowley was motorman on an Elvert-street car and ran down a buggy in which Arthur E. Jacobson and his father were driving. The car struck the buggy as it approached the intersection of Elvert and Alvarado streets. The two men were killed. The younger Jacobson was fatally injured, while the father was seriously hurt. Crowley was arrested.

An investigation by Coroner Lanterman followed the accident, and on July 21 a jury was empaneled and Crowley was sworn and gave testimony. As a result of his testimony the coroner caused a warrant to be issued for his arrest.

STORY OF ACCIDENT. From the story told by Crowley to the coroner's jury it would indicate that his car was traveling at about twelve miles an hour the time of the accident. The man in the buggy was from twenty-five to thirty feet from the crossing, and that he could not stop in time and that he was killed. The coroner's jury found that the driver of the buggy was at fault.

With regard to our judges, the agent of William F. Herrin is constantly scrutinizing the men, and if they find men who are honest in regard to cases where the Southern Pacific is in interest and they are honest in regard to their defeat them for nomination the next time. They do the same thing with our Supreme Court. Some of the best men who have been turned down for nomination, because they happened to be doing something for the benefit of the Southern Pacific.

REMEMORIAL FOR DEAD FRIEND. PROGRAMME FOR THE MURPHY MEETING ANNOUNCED. Boyle Heights Methodists Will Hold Memorial in the Evening—Dr. Henry's Great Preaching to Be Brought to Business Center—Tent Campaign Opens Today.

The following programme was issued by the committee last night for the Francis Murphy memorial service, to be held in the Auditorium at 3 o'clock Sunday afternoon:

"All Hail the Power of Jesus Name," by the congregation; prayer, Dr. Warren F. Day; address, Arthur Lett; song, "My Friend," by the choir; solo, Ellen Beach Yaw; address, Gen. H. G. Otis; "Francis Murphy as a Man," song, Mr. and Mrs. William Baker; "Only Remembered for What I Have Done," address, Lieut. Col. E. W. Pratt; "What His Life Has Meant to the Temperance Movement," address, Mr. C. C. Gray; address, What It Meant to Our Families," prayer, Rev. Dana W. Bartlett.

On Sunday night, at 8 o'clock, Aidin, pastor of the Boyle Heights Methodist Church, will hold a Francis Murphy memorial service.

TENT MEETINGS. The tent meetings, under the auspices of the Church Federation, will open this afternoon at seven o'clock and Hoover streets and at Griffith avenue and Adams street, commencing at 3:30 p.m.

Mal. George A. Hilton, a widely-travelled and famous lecturer, who now resides at Alhambra, will have charge of the meeting first-mentioned, and Rev. A. Haddon, a fine speaker who is under the Society of Christian Endeavor, will have charge of the other. Little Annie will sing at the opening of the Hilton meeting and near the close of the Haddon meeting.

DR. HENRY'S MEETINGS. NOON IN BLANCHARD HALL. Dr. J. Q. A. Henry is still preaching nightly at the First Baptist Church, and he has more than met the expectations of the people who have crowded the church to hear him. His sermon entitled "The New Declaration of Independence" is one of great eloquence and fervor, and much of the ordinary in every respect. "Tomorrow morning his topic will be 'The Bible,' and in the afternoon he will address a mass meeting of women, under the auspices of the Y.M.C.A., when his topic will be 'Deborah, the Woman Warrior.' He will also preach in the evening. Next week he will be his last, and he will speak in Blanchard Hall each day at noon, between 12 and 1 o'clock, and nightly at the First Baptist Church.

Slaps Wife: Two Days. When Max Schuster forgot himself and slapped his wife, Thursday afternoon, he did not know that there was an officer in the neighborhood. He was promptly arrested and in Justice Ross's court, yesterday, given a lecture and then sentenced to twenty days in the chain gang. He took the twenty days.

COOL ZEPHYRS BRING RELIEF.

HOTTEST JULY SPELL BROKEN BY NIGHT BREEZE.

Never a Period in Thirty Years When Heat Held Up so Uniformly for So Many Days—Torrish Wave Attributed to Area of High Pressure Far in North.

Cool breezes from the ocean last evening punctured and shattered the end of the longest hot spell that has been known for thirty years in the early days of July. No records exist for the years preceding 1877. Still, Local Forecasters at the Weather Bureau of the Weather Bureau would not admit that the sizzling period is past.

There has been no hotter day within the last thirty years than those that have been experienced here since the closing days of June, but the records of the Weather Bureau show no similar spell in the first days of July. There was one day in July of 1893, when the mercury bubbled up to 104 in the tube, and there were days in 1900, when there were days on either side of that when it touched 103 and 102. This year figure was reached on July 2, and there was a period of eleven days around that date when the thermometer registered a maximum of from 98 to 104.

But the records do not show a time when the heat was so great both by day and night as it has been during the last eight days. It has been the longest of Los Angeles and other Southern California towns that has ever been known here. The nights were cool, but the days were so hot that one had to sleep under two blankets.

For instance, it has been unusual for the sun to start the fire so early in the morning. The sun was up at 5 o'clock, and at 6 o'clock it was 90, and at 7 o'clock it was 95, and at 8 o'clock it was 100, and at 9 o'clock it was 105, and at 10 o'clock it was 110, and at 11 o'clock it was Scholarship contestants enjoyed a day on the Fourth, some of them to the beach for a dip in old and others remaining at home to keep cool and gather strength for the race which is now being fairly running. It usually takes a couple of weeks to get limbered up and in the racing trim.

A WHITTIER WINNER.
Helen Wilson, the ambitious Whittier came into town yesterday and secured the largest single score since the contest opened. As a consequence, Miss Helen rises like a balloon in the morning, going up 19 rows, and down on the 10th perch and the 6th perch by just 7 points. In this race to win and nothing less, she incidentally picked up a couple of thousand points in the morning and came to head yesterday and came to head yesterday a second time to add to her score. She has lots of friends who are anxious to see her win.

SOME TOP-LINERS.
Stanley Tolley still keeps well in the lead and Edna Wagner reaches the mark this morning. Ralph Warren and George Felker of Alhambra and George Felker of Alhambra are running a neck and neck but the Whittier miss separates them. This morning Ralph came in second and scored in points enough to almost caught George had he not in a score which saved him from a safe to let a day go by without reaching or position now, last he overtook him.

ESCONDIDO AND COVINA.
Edna Gibson of Escondido soars up among the high sixteen on the 10th perch. That is going some. Vincent of Covina also rises up among the new stands just one below the charmed circle of the sixteen. She'll be up there next, know.

FANNIE WOLFF,
Los Angeles High School candidate.

Ellen Robinson, the little Presbyterian miss who is bound for Occidental academy comes up this morning, too. Ellen brought in almost 500 points yesterday and is steadily rising to the sixteenth row. She is No. 20 this morning. Help her make it sixteen for tomorrow.

L. A. HIGH SCHOOL GIRL.
Fannie Wolff who ran such a splendid race last year, coming out with the high sixteen and winning a cash prize of \$25 is doing her best to improve her

THE OLDSMOBILE vs. OLD FANNY

Every one of the family can run an Oldsmobile. It is as simple as driving Old Fanny to the barn—without the bother of hitching up.

Old Fanny sometimes stands in the barn and "eats her head off" too, while the Oldsmobile cat only when in use. And while Old Fanny is a gentle animal and the pet of the children, she will shy at the band and at the noon train, and at a derelict kite by the roadside.

All in all, for family use there is nothing like an Oldsmobile.

It is as powerful as forty horses—it is more easily controlled and costs less to keep than one. The Oldsmobile goes slow or fast, as you like—never balks at a hill, can be stopped in four different ways instantly; it is almost impossible to tip over, and is no more complicated to guide and drive than Old Fanny herself.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

SUIT OVER OLD BILL PROBABLE.

EDISON COMPANY WOULD FORCE PASADENA TO PAY.

Offer to Arbitrate Turned Down by Edison Co. Edison Co. has refused to arbitrate the case of the Edison Co. vs. Pasadena. The Edison Co. has refused to arbitrate the case of the Edison Co. vs. Pasadena.

Office of the Times, No. 10 South Broadway Ave., PASADENA, July 6.—

Coincidentally with the lighting of the city by the municipal plant, the Edison company has renewed its efforts to secure payment of an old bill for \$14,000 for electricity furnished to the city. Yesterday the company renewed a proposition to arbitrate this bill, but the Council unanimously refused to entertain the proposition.

So far as the Council is concerned, the matter stands in exactly the same position as last year, when City Attorney Wood recommended the payment of the bill, which was refused by the Edison company. The Council and the citizens generally have a desire to pay for the electricity actually used by the city.

There is a dispute concerning the amount and also about the legality of the contract under which the city supplied. It is maintained that the city expended its authority when a five-year contract was made with the Edison company, but there is no intention to ultimately evade the bill.

The Edison company propose an arbitration by two parties, referees and a third disinterested person chosen by the two. The city officials would rather put the case before a judge of the Superior Court, sitting as arbitrator. It is expected that the Edison company will begin a suit for the money.

It is hoped that this course will not be taken, as the company, it is stated, might then lose money which the city is very willing to pay, provided a legal method can be found to untie the city's purse strings.

SOCIETY WOMEN SCALED.

An omnibus load of young society women, returning from a dance at the Amador Golf Club late on the evening of the Fourth, experienced quite a fright while crossing the Arroyo Seco at the corner of the street. Owing to the crowded condition of the conveyance their escorts had decided to walk to the California street car line and had lingered some distance behind. Just as the bus entered the shadows of the arroyo, a disreputable-looking man sprang from the rear seat and attempted to enter the vehicle. While not absolutely inebriated, he made himself very disagreeable and when told by the driver to get off, refused to do so. The driver had all he could do to manage the bus and the young women, convinced that the intruder was a highwayman, began screaming their lungs and necks in the wildest places of concealment. Many of them were wearing costly jewelry.

Just then Henry Doty, who was driving in the same direction, passed the bus. One of the young women called to him and he came to the rescue. He saw the appearance of the supposed highwayman jumped off the bus and disappeared in the undergrowth, where he was joined by a companion in his flight.

FINE HOMES IN DANGER.

A fire yesterday threatened to destroy a considerable portion of the Orange Grove Avenue tract, with its beautiful gardens and costly dwellings. The blaze started in an open lot, and rushing through the dry vegetation threatened the homes of the Orange Grove Avenue tract. The fire was surrounded by flames. When the firemen arrived the first coupling at Orange Grove and Columbia avenues did not yield enough water, and the department made a run north to Madeline drive, where another section was made, the much-needed water secured and the flames extinguished. After Mr. Grob's house was burned. The West Side Water Company denies that the shortage of water is due to the fact that the busch sunken gardens are favored by the company and secure a too liberal share of water. The company explains that the greater pressure of water at the Madeline drive hydrant is due to the fact that the main is larger, and that there is a difference of twenty feet in the altitude.

FORMER MAYOR'S SON WEDS.

A fourth of July wedding which attracted more than usual attention was that of Dr. Alfred Herbert Waterhouse and Miss Mabel Palmer. The ceremony was performed at the home of the groom's parents, former Mayor and Mrs. William Waterhouse, at 23 Hollywood street, this city, at 5 o'clock yesterday morning. The bride, Miss Palmer, was from Phoenix, Ariz. Only the parents of the contracting parties were in the wedding. Rev. Mr. Rice prepared for the bride service the company was astonished. Dr. and Mrs. Waterhouse will make their future home in Arizona.

NEWS NOTES.

The Pasadena Hunt Club yesterday dedicated its new quarters in the Arroyo Seco. Among those present were C. J. Crandall, Eugene Kohler, Samuel Hall, P. Vlerick, Charles J. Manning, A. B. McKelvey and Dr. Ward B. Rowland. The lodge is situated near the head of the cañon.

Mrs. Marilla L. Pitts, mother-in-law of George E. Harris, president of the Chicago, Burlington and Quincy Railroad, died at her son's residence, No. 23 Hollywood street, this city, at 5 o'clock yesterday morning. The funeral will be held at 4 o'clock Sunday afternoon, and the interment will be at the Mount Hope cemetery.

There were about 1500 persons present at the Venturers' picnic yesterday, and nearly every part of New England was represented. Judge Waldo M. Torrey presided.

CORKS POP OVER SEWER. Long Beach City Marshal Pours a Lot of Confiscated Wet Goods Out.

LONG BEACH, July 6.—Acting under the provisions of Ordinance 100, which specifies that following a raid upon illegal liquor joints, and the conviction of the offenders the confiscated wet goods shall be destroyed, City Marshal Young this morning emptied nearly 2000 worth of beer, wine and

WHISKEY INTO THE SEWER near the city.

The stuff was the supply captured ten days ago in a raid on the Pacific Pharmacy where the officers surprised a well stocked bar room. The owner, Barney Lustig, pleaded guilty and was fined \$200.

The dumping of the wet goods attracted a large crowd of interested spectators, many of whom were still suffering from the effects of the lid closing of several suspected places yesterday. These viewed sympathetically the staying in of the wine and whiskey barrels and the discharge of their contents into the sewer, but when Sergeant Kutz began to pull the corks of the beer bottles, there was an audible sigh of regret that verged on tears, but pleading for just one last look at the stuff before it was destroyed.

The morning's work of destruction went on. This morning Barney Lustig, George Crocker, Dr. W. H. Little and P. Marengo, arrested yesterday for alleged violation of the liquor law, entered pleas of not guilty and were placed under \$500 bonds to appear for trial later.

SEASHORE NEWS POINTS. J. W. Shaw, killed by a Santa Monica car Wednesday, was bookkeeper for the Long Beach bath house. He had gone to his home in Los Angeles Tuesday feeling ill and not returning.

Arthur E. Clarke, proprietor of a shooting gallery, the son of a found unconscious in his booth this morning and it was supposed had shot himself accidentally. Subsequent investigation showed that he had an attack of heart failure caused by the heat and overwork of yesterday.

R. C. Turley, a bank architect until recently in government employ, has purchased a half interest in the Western Boat Works, which will possibly enlarge.

The newly constituted board of school trustees, composed of William Schilling, Dr. C. C. Freeman and H. Enloe, will meet Saturday morning for organization and to ratify the appointment of teachers made by the old board.

On July 4 the bath house rented bathing suits to 3500 people, the largest crowd ever known in one day and when 5 o'clock came, the rental of suits was stopped because of inability to provide dressing rooms.

E. B. Lane, a well known musician and fruit peddler, fell from his wagon Wednesday evening and suffered a serious fracture of one of his ankles. Nolan E. Darby, aged 18, son of Mrs. John H. Darby, died last night after a severe illness.

Charles Patterson, 74 years old, a civil war veteran, this morning ate some canned fish, which caused poisoning and nearly produced death. His life is now in the hands of the physicians.

Figures of the Pacific Electric show the return of the vessel in the Long Beach and Los Angeles on the Fourth, which is the record day's travel between the two points.

"Hotel del Coronado" for comfort. Naval Militia Camp at Venice Is Kept Active by Inspection—Cruise of Alert.

VENICE, July 5.—After the Fourth of July regatta, from strict military rule, affairs at Camp Gillett of the California Naval Militia today took on a more severe military aspect. Camp inspection was the morning programme that kept the campmen active during the early morning hours.

The inspection was made by Lieut. Commander Ray Costeriano, who has been designated as camp inspector. The government training ship Alert this morning made her first cruise of the encampment, bearing the engineers' division of Los Angeles and the San Diego seamen to San Pedro.

From the return of the vessel in the afternoon, the ship was again open to inspection and a large number of visitors made the trip by launch from the pier to the Alert, which is at anchor a mile outside.

Lieut. A. M. Moore of San Diego is said to have a friendly rivalry with the Alert. He was unable to take an active part in the naval encampment as he would like. The accident happened while he was landing from a launch, after having visited the Alert.

The Naval Militia ball which is to be one of the features of the present encampment will be held at the dining pavilion on Tuesday evening. The patronesses named for this occasion are: Misses, Mrs. Thos. A. Abbot, Kinney, C. B. Thom, Roy Jones, J. B. Manning, Philo Beveridge, Nathan Cole, Jr., W. D. Turner and Wesley

The annual lawn tennis tournament will close tomorrow at the Country Club courts. In the evening there will be an open air ball, given on the canvas-covered courts. A large number of invitations have been issued for this affair.

The subject of Miss Mabelle Biggart's sermon at the Auditorium Sunday morning will be "The Master's Soul." In the evening of Sunday she will conduct a sunshine vespers service on the sand.

Coronado is always cool. IN PERIL IN SURF. OCEAN PARK, July 5.—Lieut. L. B. Baigalupi, who is attending the encampment of the California Naval Militia at Venice, had an exciting experience in the surf here today. He went in bathing at a time when the tides were pounding with considerable force. He went far out and, while enjoying himself, he was suddenly overcome by exhaustion and cried for help. Life guards rushed to the rescue and were successful in rescuing him from the shore, where he soon recovered, being little if any the worse for his close summons to the final roll call.

SANTA MONICA, July 5.—In the month just closed, the Santa Monica Public Library, revived by new members and loaned an aggregate of 3500 volumes. Fiction represented two-thirds of the requests.

Mrs. T. M. Stuckus will spend the summer at Ontario, where her husband is engaged in business. Mrs. Charles Klein has returned to her home in San Bernardino after having spent some time along the shore.

Bert Ramsey has resigned as a member of the Santa Monica police force. Mrs. F. H. Clock and children have arrived at the beach from Redlands and will spend the summer here.

NEGRO'S ALLEGED GUN PLAY.

Is Charged With Having Attempted to Kill His Wife at Monterey.

MONROVIA, July 5.—Ben McLain, a negro, was arrested yesterday by Marshal Miller charged with attempting to kill his wife. The assault is alleged to have been made, Wednesday evening at the home of Will Hollins, Mrs. McLain's brother. The couple had been quarreling earlier in the day and McLain, so it is stated, immediately upon his appearance at her brother's home, drew a revolver and leveling it, told his wife, intending to kill her. She grasped his wrist, screaming loudly and Hollins, after a sharp tussle, secured the weapon. McLain was treated and was not found until yesterday when he was bibulously celebrating the Fourth at Arcadia. His hearing is set for tomorrow morning.

The champion "spud" grower of this vicinity is undoubtedly Y. E. Hokehan, whose home in the northern section of the city. From a 100-acre piece on the Sierra Pacific tract south of Monterey he is now harvesting forty carloads of potatoes which average about \$600 per car f.o.b. at Arcadia. This is the first year he has been so successful, having previously been used for grain. The returns from the 700 acres in berries, vegetables and general produce are estimated at \$25,000.

Hot weather has so increased demand for water, especially for orchards, that the water supply at the city will be started Monday and operated eight or ten hours per day. Although mountain streams in the north have been running the past week, the city's cañon supply still exceeds 100 inches.

FIRE EXCITES AVALON. Grass Blaze in Canyon Extinguished With Difficulty—Smallest Sea.

AVALON, July 5.—A extensive grass fire raged in the cañon near the cemetery shortly after noon yesterday and created some excitement among the residents along the hills. More than a hundred people gathered to watch the sun and flames and at last put it out.

SMALLEST CATCH ON RECORD. H. J. Thompson, a mining engineer, San Francisco who looks after the Golden Gate bridge, yesterday caught the smallest bass ever taken here so far as the records show. It was 10 inches long and weighed only four and three-quarter pounds. It was taken by Mr. Thompson's friends are accusing him of "robbing the nest."

A great crowd of visitors came over on the nation's birthday. Each hotel turned away almost as many guests as it could accommodate. The visitors found comfortable quarters in the Canvass City.

Miss Mabel McCane of St. Louis has been spending a week with her parents, Mr. and Mrs. A. Ray.

CHILD STEALING, IS CHARGE. Separated Husband Is Accused of Having Stolen Little One in San Pedro.

SAN PEDRO, July 5.—Charles Ackerson, a sailor on the schooner "Sequel," has been arrested upon a charge of child stealing, upon a complaint preferred by his wife, Mrs. Anna Ackerson.

About two years ago Ackerson married Miss Anna Henningsen, daughter of Peter Henningsen, an old-time resident of this city. About a year later Mrs. Ackerson was divorced and was awarded temporary custody of the child, which is about one year of age.

Yesterday the mother, Ackerson went to the Henningsen home on Seventh street and, it is alleged, she obtained possession of the infant and has secreted it. He was taken into custody this morning by Officer Inman, and Justice Thomas held bond for \$1000.

Being unable to furnish the same he was remanded to jail. The mother, Ackerson was arrested upon complaint of P. Henningsen, his father-in-law, upon an assault charge, which is alleged to have occurred in the course of a discussion of the family troubles.

BULLET WOUNDS TWO. Reck Bollich, a young Italian about 22 years of age, lies prostrate fatally wounded by a bullet which struck him in the chest, was shot by a 35-caliber revolver bullet in his left breast.

Yesterday afternoon his older brother, Peter Bollich, was having him brought to throw open the chambers in the revolver, when it was accidentally discharged. The bullet struck Peter Bollich's left hand and lodged in the breast of the brother, making a terrible wound.

The attending physician states that the injured man cannot recover as he has not been able to remove the bullet. Young Bollich only recently arrived here from Italy.

RIVERA. RIVERA, July 5.—Rivera people turned out en masse for the community picnic, held by the Rivera Lodge of Foresters, at Salt Lake Crocker's dining room, where a large number of tables in the shade of a leafy grove. In the afternoon a programme, organized by Jacob Steinman, and including an interesting address by ex-speaker Prescott, was presented. The audience, the audience arose, and a male quartette were also enjoyed. At the request of one of the speakers, Organized Jones, the audience arose, standing with uncovered heads, for a moment, in memory of the late Dr. Diego, who had recently taken place the day before. At the close of the programme contents and races of all sorts were held, furnishing plenty of amusement for the crowd.

Oval Esley of Whittier, and Miss Babel Pallett of Rivera, surprised their friends by slipping quietly away to Los Angeles on Wednesday and being married there.

BURGLARS ESCAPE.

Effect Entrance to Office Building and Rife Desk, but Get no Loot.

Burglars broke into the Fay building at Third and Hill streets yesterday morning. A night watchman discovered the robbers, but not in time to prevent their escape.

The burglars broke into room No. 101 occupied by the Fay Fruit Company, and attempted to secure the keys to the building. Falling in the way they went to room No. 415 where they used a jimmy upon the door. Once they had gained entrance they rifled the desk but did not secure any loot.

Detectives George Home and Ben McCall investigated the case. They are convinced that the robbers knew where the keys to the building were kept and were familiar with the place in general.

The police say that a pair of cuffs found on a window sill may lead to the identifying of the burglars.

SERVICES AT ST. JOSEPH'S.

Rev. Francis Redman, O.F.M., arrived last night from the Franciscan College at Santa Barbara, and is now a guest of the Franciscan Fathers on Twelfth street. He will celebrate his first solemn high mass on Sunday at 9 o'clock in St. Joseph's Church.

Rev. Joseph A. Glavin, C.M., president of St. Vincent's College, will be assistant priest; Rev. James Reardon, O.F.M., will be organist, and Father Humilis, O.F.M., will be subdeacon. The music for the service will be strictly Gregorian.

The day is the Feast of the Precious Blood. On Sunday evening at St. Joseph's Father Redman will officiate at solemn vespers and benediction. He will return to Santa Barbara to resume special studies for a year before being stationed in the active work of the priesthood.

fifty or more directors will be very popular in the week to come. If this terrific heat keeps up, one of the strong arguments of the Cleveland committee will be Lake Erie breezes, but the committee has come here with the idea of setting forth other advantages of that place as a convention city.

The Cleveland Chamber of Commerce is behind this movement, which is only a part of its general plan to draw conventions thither. For this purpose there is a permanent convention board, and whenever a convention is in prospect the board gets busy.

One of the attractions of Cleveland, of which much has been written, is its partly completed project for the grouping of all public buildings in an area about four blocks long and two blocks wide, running southward from the lake front.

At its meeting today the State board will take up the certification of teachers, when life, university and normal diplomas will be issued. Members of the board who are expected to attend are Superintendent Hyatt, President Wheeler and Prof. A. F. Lange of the State University, and the presidents of the various normal schools.

Superintendent Hyatt told yesterday of the departure from San Francisco, yesterday of the first twenty-five of the one hundred students from the Philippines who came to the United States four years ago, and who now are returning to their island homes, after their schooling here.

Two and Four Tracks.

Second Roadbed to Covina Nearly Completed—Work on Watts Quadruple Line Soon Finished.

Work is being pushed by the Pacific Electric to complete the double track of the Covina line, which opened last week. The tie for the second track are all laid and the rails in place, and yesterday the work of ballasting the roadbed began.

With the completion of the double track, Manager McMillan states that the service on this popular line will be improved.

Now that the Covina line is practically completed, the work of laying the four tracks to Watts is again going steadily forward. This work was held up for a time for lack of materials, and while the press of work was being done on the Covina road. But now it is stated that all the necessary materials in the shape of ties and rails are on hand and the four tracks will be a tangible fact within a short time.

The officials of the Pacific Electric are exceedingly gratified over the success in handling the fourth of July crowds. Approximately 70,000 passengers were carried out of town and back again without an accident.

which he aimed to accomplish this was exploited by The Times last December, the attention of several local banks being called to his unauthorized claims, in advertising pamphlets, that they had agreed to guarantee a certain branch of his gigantic scheme.

Thereafter Mr. Montay began to go down in the world, and presently was in a position to be a laughing opportunity for rampant rascals.

In this connection, the following States will have headquarters at the Alexandria: California, Colorado, Indiana, Illinois, Iowa, Kansas, Missouri, Nebraska, New York, Ohio, Pennsylvania, South Dakota, Texas, Utah, Washington and Wisconsin. Arizona will have its headquarters alone at the Hollenbeck.

The Eboli Club will give a reception next Thursday afternoon, from 12 until 4 o'clock, for members of the National Educational Association. Prominent members of the club will receive the visitors at the clubhouse, Figueroa and Eighteenth streets.
